

Smoky Mountain Chapter Newsletter

Quarter 1, 2022

From the President *Kelly Pierson*

I am honored to have been re-elected to the role of the Smoky Mountain chapter President for 2022. I will do my best to continue the successes that the Smoky Mountain chapter has achieved with the hard work of its board members in providing training for our members and supporting the SCTE.

I also want to congratulate Robert Blevins for being elected as the Smoky Mountain chapter Vice President and I look forward to working with him and the board this upcoming year.

We also want to welcome our new board members, Stephen Kirtley and Tim White as well as John Kiser as an associate board member. Thank you to all of our board members, without each of you we would not have had the successful year we did!

If anyone is interested in serving as a volunteer in the SCTE Smoky Mountain chapter feel free to reach out. We would love to have you participate!

You can send an email to smokymountainpresident@gmail.com and let us know of your interest in becoming more active in the SCTE Smoky Mountain Chapter.

Tim White

Associate Board Members

Sam Rockholt
John Kiser

March 29, 2022 (Exton, PA) — SCTE®, a CableLabs® subsidiary, has announced the winners of its 22nd annual Chapter Awards, which celebrate chapters that have excelled during the course of the previous year. The coveted title of Chapter of the Year was awarded to the organization's **Rocky Mountain Chapter**, which also won the Striving for Excellence, Training & Development, and Chapter Innovation Awards.

Take Advantage of Microlessons available to members

MicroLessons are short, focused learning segments made available only to our members. Our learner-centric, just-in-time training is available on multiple devices, easily accessible and meant for you to be able to apply to your job immediately.

Our MicroLessons include — but are not limited to — Primers, MicroLearnings, and LightningMods™. Complimentary as part of your SCTE membership.

MicroLessons are intended to serve several purposes:

- Expand knowledge of a Technology, Process or Program
- Serve as a Technical Refresher
- Prep for SCTE Certifications

Aid in Individual Development
